

## TO INSTALL

1. Open encasement using 3 sided zipper.
2. Lift up one corner of mattress and slide cover onto mattress, **waterproof side up.**
3. Move to other side and repeat process.
4. Continue to pull mattress cover onto mattress gradually trying to keep both sides even when covering mattress. This is easier when done with two people, one working each side at the same time. **DO NOT PULL HARD** or mattress cover may tear during installation.
5. When cover is on, zip the inside zipper **completely to the end of the zipper track.**
6. Repeat the same process for the outer zipper. Latch elastic loop around button to ensure mattress is "Locked-Up."

## WASHING INSTRUCTIONS

If desired, wash and tumble dry the mattress cover before using it the first time as this softens the product, improves the flexibility and eliminates any packaging odors that might be present.

### Washing:

1. Do **NOT** use any bleach, bleach alternatives, non-chlorine bleach or any bleach by-products in the detergent, as this will destroy the polyurethane lining causing it to bubble and possibly split open.
2. Do **NOT** dry clean.
3. The mattress cover can be washed in **Cold, Medium or Hot water temperatures.**

### Drying:

1. Dry together with some other bed linen or towels if you choose to machine dry the product. The mattress cover can be **tumble dried on delicate, or low to medium heat** for about 30-40 minutes (longer if needed - depending on your dryer). Check every 10 to 15 minutes to prevent overheating.
2. Careful drying will prevent blistering of the lining. If blisters do form from overheating of the dryer, discontinue using the mattress cover, as these blisters will split open over time. If you are concerned with your dryer being too hot, please air dry the product for a safe drying method.

## WARRANTY

Your Mattress Cover is Warranted for 1 year from date of purchase against defects in materials and workmanship. Purchaser is responsible for transportation costs. This warranty will apply only if Mattress Cover is returned clean and in good condition. Structural damage caused by abuse, improper washing, misuse or not properly following the care instructions will void the warranty. Product must be returned with a copy of the purchase receipt. This warranty is limited to the replacement of product only. J.T. EATON & CO., INC. is not responsible for any consequential damages caused by the failure of the product. The warranty does not cover damages caused by overheating during washing or drying.
