

Wall Mount Work Table

Assembly Instructions

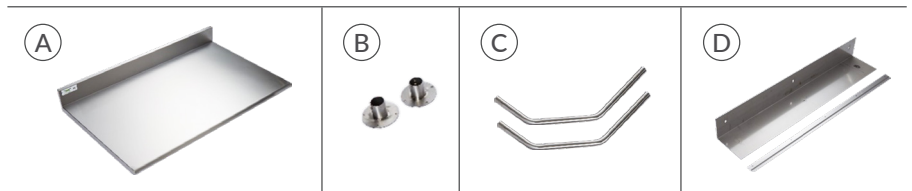

TOOLS REQUIRED

- Angle Bracket
- Allen Wrench (Hex Key)
- Set Screws
- Drill (Not Included)

PARTS:

- (A) (1) Stainless Steel Top
- (B) (2) Wall Flanges
- (C) (4) Tubular Table Legs
- (D) (1) Wall Mount Hanger

Mounting hardware is not included.

Assembly Instructions

1. Place the tabletop upside down on a surface that won't scratch it. Insert the tubular wall brackets into the welded-on tubes on the reverse of the table.
2. Secure the tubular wall brackets with the included hex key. You may need to loosen the set screw if one struggles to go in.
3. On the opposite end of the tubular wall bracket, attach the wall flange, securing the bracket via the hex key.
4. Attach the angle bracket to the bottom of the table.

5. Install the wall mount hanger at the desired working height.
6. Position the table on the wall mount hanger for a temporary hold.
7. Mount the wall flanges to the wall with a drill.
8. Secure the table to the wall by drilling screws through the pre-punched holes in the angle bracket.

WARNING! Risk of personal injury. Stainless steel edges are sharp and can cause cuts. Wear gloves during installation and handle with care.
