### Installation Notes

Pictured below is the drain on the bottom of the oven.

The rubber elbow & 2 hose clamps are included in the Convotherm 4  
Item# 1 installs into the rubber elbow with one of the clamps

Pictured below is the drain line coming off the back of the oven utilizing 3 pcs. of item 1, two of item 5A, and one each of item 5C and item 5D (#5D Needs to be top elbow)

The balance of items 1, 5A, 5B, & 5C are used as needed to access your drain.

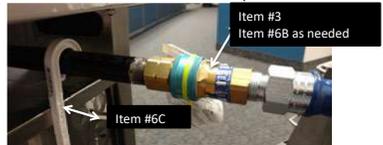

Pictured below is the gas valve with 24" black pipe attached using items 6A & 2.

Pictured below is the Gas Line. Use item 6C to help support the gas line.  
(Please follow the installation instructions included with the Gas Line.)

Do Not Attach the Gas Hanger (Item #6C) to the OVEN; ATTACH IT TO THE STAND ONLY  
Use items 6B to install item 3 if required.

Pictured below are the incoming water lines on the side and bottom of the oven.  
(These hoses are part of the oven kit and are not apart of this kit.)
