Unpacking

When unpacking the Wesco Product, check carefully for shipping damage and missing parts. If damage has occurred or any parts are missing, file a claim with the delivering carrier within 24 hours and notify the dealer from whom the unit was purchased.

Warranty Repairs

If the unit does not work properly, contact your dealer or the factory (215-699-7031) for units less than 90 days old.

Non-Warranty Service

If units are older than 90 days, repairs can be made easily on site with factory supplied parts.

NOTE: Do not send units to the factory for service without first obtaining a "Return Merchandise Authorization" (RMA) number from the customer service department. We will not be responsible for merchandise returned without proper authorization.

General Safety Information

The Wesco Aluminum Vending Machine Trucks are designed for specific functions. To insure proper use, the following instructions must be adhered to:

- (1) DO NOT overload the Truck beyond the rated capacity of the unit, Maximum capacity: 550 lbs
- (2) Check truck & all hardware for wear and tightness before use.
- (3) DO NOT use if nylon belt is worn or cut. Immediately remove unit from service and repair before use.
- (4) DO NOT allow belt to twist when securing load.
- (5) Firmly tighten belt around load before moving.
- (6) Use extreme caution when moving on uneven floors.
- (7) When using caster kickout, it must be in the fully extended position with the support bar in the lowest position before putting any weight on the casters.

Operating Instructions and Parts Manual

ATTENTION: TO INSURE SAFE AND EASY USE OF YOUR WESCO APPLIANCE/
VENDING TRUCK, READ THESE INSTRUCTIONS BEFORE USING.

Operation

- (1) Slide nose plate under load, making sure load is fully seated on plate and against truck frame.
- (2) Unlock ratchet locking pawl.
- (3) Pull both ends of belt outward until there is enough to go around cargo.
- (4) Lock belt clasp together on far side of cargo.
- (5) Place pawl in locked position by pushing lever to the left so that it engages ratchet gear securely. Test by pulling on belt, making sure that it cannot be loosened further.
- (6) Using ratchet tighten belt to secure load. Be sure that pawl is in locked position so belt remains tight when ratchet handle is released.
- (7) To release load, pull ratchet to loosen pressure on pawl and unlock pawl. Belt is now free to be loosened.
- (8) Tilt back truck to balance load. Deploy rear caster assembly by pulling up on side caster carriage release while truck is tilted back (272412 vending truck only).
