

YARD FARKLE

PLAYER 1	PLAYER 2	PLAYER 3	PLAYER 4	PLAYER 5	PLAYER 6

SCORING

SINGLE 1 = 100

SINGLE 5 = 50

THREE ONES = 300

THREE TWOS = 200

THREE THREES = 300

THREE FOURS = 400

THREE FIVES = 500

THREE SIXES = 600

FOUR OF ANY NUMBER = 1,000

FIVE OF ANY NUMBER = 2,000

SIX OF ANY NUMBER = 3,000

1-6 STRAIGHT = 1,500

THREE PAIRS = 1,500

FOUR OF ANY NUMBER WITH A PAIR = 1,500

TWO TRIPLETS = 2,500

HOW TO PLAY

The object is to be the player with the highest score over 10,000.

Single ones and fives are worth points.

Other numbers count if you get three or more of the same number in a single roll.

Other combinations of numbers are worth points if you get them in a single roll. Dice from multiple rolls cannot be added together. For example, if you set aside one five (50 points) on your first roll and two fives (100 points) on your second roll, you have 150 points. You cannot add them together to make three fives (500 points).

At least one scoring dice must be kept after each roll.

To start, all players roll one Giant Wooden Yard Die. Whoever has the highest roll goes first, with play passing to the left.

When it's your turn, roll all six Giant Wooden Yard Dice on your playing surface (yard, beach, patio, carpet).

After each roll, set aside the Dice that are worth points and roll the rest of them. You must remove at least one Die after each roll and keep a running total of your points for that turn.

If you are able to set aside all six Dice, you can roll them all again to build your running total.

If you cannot set aside any Dice after a roll, you lose your running total of points for that turn and play passes to the left.

To get on the Score Pad for the first time, you must have a running total of 500 points before you stop rolling.

After your first score of 500 points or more is recorded, you may stop rolling at any time and add up your running total for that turn and add it to your accumulated score. Once your points are entered on the Score Pad, they are safe.

When a player's accumulated score is 10,000 or more, each player has one last turn to beat that total. The player with the highest score wins!
