

DATA SHEET_ **trodat**[®]

Product: **swop pads**

Product features:

Housing made of **ABS plastic material**.

Pad inlay consisting of 2 layers:

- **top layer made of a special developed textile fleece** material which distributes colour perfectly and evenly to the surface and keeps permanently the right amount of ink at the upper surface of the pad
- **lower layer made of special needled fleece** which stores the ink in an optimal way (even when the pad is going to run out of ink)

Ink:

- Trodat ink 7012 ink = high quality water based ink with glycerin/glycol, providing excellent features in all climatic conditions for an excellent impression:
 - crisp imprint and sharp impressions
 - even ink distribution to the stamp
 - rich ink coverage (deep black, deep blue etc.)

Product details / packaging:

- packed in single cardboard box

Hazards identification:

- no special hazards

First aid measures:
