PHD 200

Compact, versatile dehumidifier. Ideal for crawlspace and other temporary use or installation in moisture-prone areas that need ongoing humidity control. Install in basements, crawlspaces, equipment rooms or other areas. Features the new **Command Hub**, compatible with the new Command Center App. Available now in the **Apple Store** and **Google Play Store**.

FEATURES

- **Command Center App Users! For dehu firmware update instructions, visit Mastering your Dri-Eaz Command Center and scroll down to "Update Your Dri-Eaz Dehumidifier's Command Hub Firmware."**

- NEW! Command Hub touchscreen controller displays real-time temp, RH, grain depression and drying progress trends at a glance. Controller integration product for existing i-Series dehumidifiers also available. Learn more.

- Humidistat keeps moisture under control—set for 40%–90% RH in 5% increments.

- Fast and convenient access to humidistat, job hours, maintenance reminders and more. Display in 3 languages.

- Automatic pumpout allows continuous operation—pumps out up to 3 ft. (1 m) above unit.

- Auto-restart after outage when power is restored.

SIZES ▪ OPTIONS

- **103806 (F515):** One unit
- **116689 (F527):** Filters for PHD 200 - Pack of 3
