product features

see yourself in the best light: Under the wrong lighting, makeup colors can fool you. With a color rendering index (CRI) of 95, our tru-lux light system closely simulates natural sunlight's full color spectrum to show every detail so you'll always know wh

tru-lux technology: Inside the mirror's light ring, specially patterned micro-reflectors disperse light evenly -- no light loss or hot spots -- while the surgical-grade LEDs provide the full color spectrum to show every detail, every nuance.

telescopic swing arm: Sturdy stainless steel arm provides smooth, effortless adjustability.
