

6L semi-round step can, matte black

product features

well-rounded small can: The space-efficient small can with big can features and quality. Its soft semi-round shape gives you generous capacity but fits in a tight spot, and the sleek internal hinge allows you to put it flush against the wall.

store and dispense liners from inside the can: Need a fresh liner? No need for a trip to the pantry. Our liner pocket stores a 30 pack of custom fit liners and dispenses them one by one from inside the can. Easy-peasy!

sleek internal hinge: Allows the lid to open smoothly, even when the can is placed flush against the wall.

I'm the strong, silent type: The strong pedal is engineered to last over 150,000 steps — that's more than 20 steps a day for 20 years — and our patented lid shox technology controls the motion of the lid for a slow, silent close.

removable inner bucket: Made from 100% post-consumer recycled plastic, the inner bucket lifts out for quick liner change and easy cleaning.

perfect fit, extra strong: Our code B custom fit liners fit this can perfectly so there's no bunching, slipping or messy bag overhang. They are also extra-thick and double-seamed so you can pack your trash to the rim without rips, leaks or tears.
