

OVEN & GRILL CLEANER

ADVANTAGE CHEMICALS™

Manufactured for
Clark Core Services, LLC
2205 Old Philadelphia Pike
Lancaster, PA 17602
1-888-256-6400

GENERAL DESCRIPTION:

OVEN & GRILL CLEANER offers thorough penetration of encrusted grease and grime. It is highly effective in the removal of those deposits found in baking ovens, especially baked-on fats, greases, and carbon. It is also recommended for use on grills, deep fryers, steak platters, and the undersides of hoods and canopies where grease and carbon accumulate. OVEN & GRILL CLEANER can be diluted with water for economical use. This penetrating cleaner is a timesaver, helping to lower labor costs. OVEN & GRILL CLEANER may be used on stainless steel, chrome, iron, copper, and most baked enamel oven surfaces. OVEN & GRILL CLEANER is a foamy, semi-viscous liquid. It clings to vertical surfaces. OVEN & GRILL CLEANER is free-rinsing; rinsed surfaces are left sparkling with no residual film. OVEN & GRILL CLEANER is nonflammable.

PHYSICAL PROPERTIES:

Chemical Composition:
Viscosity modifiers, alkaline builders, alkaline stable surfactants, rinsing agents, water conditioners, soil suspending agents.

Appearance Golden liquid
pH 13.8
Specific Gravity 1.074 (9.61 lb. per gallon)
Caustic Present
Metal Safety Safe on iron, steel, stainless steel, nickel, porcelain, and glass. May be used on enamel and paint (when diluted). It may etch aluminum, and it will tarnish copper, brass, zinc, tin, and galvanize on long contact.

PACKAGING:

(4) 1 gal containers per case- 34 lb. net / 38 lb. gross

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

DIRECTIONS FOR USE:

Oven & Equipment: Use product undiluted. For best results, use on warm oven (160°F). Spray on with trigger spray unit directly from gallon bottle of solution. Foaming action allows product to cling to walls and top side of oven. Allow cleaner to penetrate for five minutes. For heavy carbon, use oven brush or Scotch Brite brand applicator with handle. Rinse with a wet sponge to remove all grease and carbon residue. OVEN & GRILL CLEANER can be applied with good results on a cold oven when cleaner is allowed to set 15 to 20 minutes. Heavily encrusted ovens may require a second application. One application will be adequate for periodically cleaned ovens.

OVEN & GRILL CLEANER is well suited for automatic hood cleaners.

ALWAYS USE GLOVES WHEN CLEANING OR RINSING.

HANDLING PRECAUTIONS:

**CAUTION - FIRST AID
KEEP OUT OF REACH OF CHILDREN**

EYES: Flush with water for at least 15 minutes. If irritation persists, obtain medical attention. **SKIN:** Wash with plenty of water for 15 minutes. If irritation occurs and persists, obtain medical attention. **INHALATION:** Remove from exposure. If discomfort occurs and persists, obtain medical attention. **INGESTION:** Drink water to dilute. Obtain medical advice by phone. **DECONTAMINATION PROCEDURE:** Wash with soap and water.
