Enzo-Kleen Grease Trap and Drain Cleaner is a simple and effective way to maintain your grease trap as well as prevent future repairs. Through the use of probiotic bacteria (10 million CFU per gram), grease traps are cleared of build up from every day use. Enzo-Kleen Grease Trap and Drain Cleaner can help save up thousands of dollars by preventing major clean outs or emergency situations. The enzyme-producing bacteria also continuously works to keep your grease trap smelling fresh.

### FOR USE ON

Grease Traps                                      Interceptors  
 Drains

### FEATURES & BENEFITS

Easy-to-use solid block for continuous self-dosing to control FOG levels and odors associated with grease traps and drain systems.

- Extended release block for continuous treatment eliminates the cost of daily or weekly treatments
- Saves money by reducing the frequency of manual cleanouts, preventing blockages, and lowering grease disposal costs
- Reduces malodors associated with organic waste and sludge

### PACKAGING

#147ENZBLOCK8OZ ..... 64 x 8 Ounce Pucks / Case

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

### PHYSICAL PROPERTIES

Bacteria Count..... 10 Million CFU per Gram  
 DSL..... Yes  
 Color ..... Green  
 Fragrance ..... None  
 pH..... 6-9.5  
 Temperature Range ..... 68°F to 105°F  
 Storage Temperature ..... 50°F - 85°F  
 Warranty ..... 2 Years
