GENERAL DESCRIPTION

EVERSOFT liquid laundry softener is a concentrated static reducer and fabric softener which adds a smooth, "silky" feel to flatwork and linens; fluffs out towels and diapers, leaving them comfortably soft. EVERSOFT reduces static on nylon and other synthetic fibers, making them easier to clean and more comfortable to wear. EVERSOFT lubricates the fabric, increasing productivity of flatwork operations. Less wrinkling, sticking and static means increased ironer speeds. Fabrics also stay fresh and neat throughout the day. EVERSOFT cuts laundry cycle time by reducing extraction and drying time without compromising its delightful fragrance which leaves fabrics clean, fresh and soft. EVERSOFT is safe for use on natural and synthetic fabrics.

PHYSICAL PROPERTIES:

Chemical Composition . . . Static and wrinkle reducing agents; fabric softening agents; fragrance
Appearance Pink liquid
pH 6.0
pH of 1% solution 6.1
Specific gravity 0.99 (8.24 lbs./gal)
Penetration Immediate
Stability 1 Year @ Ambient Temperature
Biodegradable Yes
Foam Low
Odor Pleasant

PACKAGING

2/2.5 gal. plastic bottles - 43 lbs. net / 46 lbs. gross

INSTRUCTIONS FOR USE:

EVERSOFT is specially formulated to be dispensed directly from the shipping container through an automated injector system into the laundry machine, thereby eliminating hand feeding from hoppers and possible spillage. For normal laundry conditions, use 2 to 4 ounces of EVERSOFT per hundred pounds of work. EVERSOFT is completely soluble at all normal water temperatures and is effective in cold or warm (70°-120°) temperatures.

WARNING

KEEP OUT OF REACH OF CHILDREN. MAY BE HARMFUL IF SWALLOWED.

FIRST AID:

EYE CONTACT: Avoid eye contact. If concentrated liquid is splashed in eyes, flush thoroughly with water for at least 15 minutes and seek medical attention. **INGESTION:** If swallowed, drink large amounts of water, and call your local POISON CONTROL CENTER.
