

FRYCLONE™

147FCBOIL06, 147FCBOIL025

CONCENTRATED FRYER BOIL-OUT

GENERAL DESCRIPTION

FRYCLONE FRYER BOIL-OUT cleaner works to remove baked on grease and carbon from fryers, baking ovens, cookers, and other high temperature cooking equipment. Regular cleaning of fryers with Fryclone will increase the life of oils by eliminating causes of rancidity. **DO NOT** use on aluminum or other soft metals.

176 oz. (11 lb.) gross

147FCBOIL025:
25 lb. tub - 25 lb. net / 25 lb. gross

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

DIRECTIONS

Drain all contents from fryer. Rinse fryer with hot water to remove excess undrained fat. For a fryer holding approximately 30 lb. of fats or oils, fill with cool water to within 3 to 4 inches of top. Add 6 ounces of FRYCLONE FRYER BOIL-OUT cleaner (use proportionately more or less depending upon the size of the fryer). Boil slowly for 20 minutes. Terminate the boil and use a long handled, heavy-duty brush to clean interior of the fryer. Drain the fryer, then rinse thoroughly to remove all residue. In subsequent operations, less boiling time is required to perform this cleaning operation, and the amount of FRYER BOIL-OUT may be cut in half. **ALWAYS USE GLOVES WHEN CLEANING OR RINSING.**

HANDLING PRECAUTIONS

WARNING: DO NOT MIX WITH ANYTHING BUT WATER.

CAUTION: KEEP OUT OF REACH OF CHILDREN. AVOID SKIN CONTACT.

DANGER: HARMFUL IF SWALLOWED. CAUSES SEVERE SKIN BURNS AND EYE IRRITATION. MAY CAUSE RESPIRATORY IRRITATION.
