Lancaster, PA 17602
1-888-256-6400

GENERAL DESCRIPTION

LAST CALL BAR GLASS CLEANER is a medium to heavy duty cleaner. A unique blend of wetting and emulsifying agents gives LAST CALL BAR GLASS CLEANER its superior ability to penetrate even the toughest soils. It penetrates and suspends tough soils to prevent redepositing, rinsing completely, and leaving surfaces free from residue. It is intended for use in manual bar glass washing applications and will not inhibit the foam from tap dispensed beverages. LAST CALL BAR GLASS CLEANER removes lipstick stains, grease, odors and other soils. LAST CALL BAR GLASS CLEANER does not affect beer heads and is mild on hands and works well in all water hardness conditions.

PHYSICAL PROPERTIES

Chemical Composition: Penetrating agents; soil and grease emulsifiers; soil suspending agent; water conditioning agents; soil and grease penetrants.
Appearance White, Free Flowing Powder
pH of 1% Solution 10 .0
