CONCENTRATED | MANUAL Mineral Solvent Powder

Ablandador de agua en polvo concentrado manual

Manufactured for:
Clark Core Services, LLC
2205 Old Philadelphia Pike
Lancaster, PA 17602
1-888-256-6400

GENERAL DESCRIPTION

LAST CALL WATER SOFTENER is part of a complete Last Call system for cleaning and sanitizing bar glassware using a 3-compartment bar sink. Each packet serves as a "booster" to help soften water for best results. If you have hard water, eliminate this problem by adding this LAST CALL WATER SOFTENER to your sink's water before adding a bar glass cleaner or sanitizer. This will yield clean, spot-free glasses that will always look great and ensure that your beer or other beverages taste better.

PHYSICAL PROPERTIES

Appearance White Solid Crystals
Fragrance None
pH. 7 to 9 [Conc. (% w/w): 1%]
Eye irritation Category 2A
Skin irritation. Category 2

PACKAGING

147LCMSOLVPK: (100) 0.5 oz. packs - 3.125 lb. net / 3.5 lb. gross

INSTRUCTIONS FOR USE

For use in 3 sink wash stations. Fill first and last sink with water. Add about ½ of the contents of the packet to the first sink and ½ to the last sink. **FOR MANUAL CLEANING:** To the first wash sink, add 0.5 oz. of either LAST CALL REGULAR or LAST CALL LOW SUDS BAR GLASS CLEANER depending on type of brushes being used. Wash glasses by completely immersing. Rinse in second sink with clear water. Change rinse water often. Sanitize in last sink with 1 packet of LAST CALL LAST RINSE LIQUID SANITIZER per 3 gallons of water for 200 ppm active quaternary. Air dry. Do not towel dry.
