AUTHORIZATIONS

EPA Registered Disinfectant.
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DESCRIPTION

A highly concentrated, neutral, disinfectant and detergent that cleans and deodorizes in one step. This specially formulated, neutral pH formula provides a broad range of disinfectant kill claims ideal for use in hospitals, medical and dental offices, healthcare facilities, nursing homes, schools, restaurants and more. Economic use saves time and labor, and leaves surfaces smelling clean. Safe for use on a variety of surfaces, and will not harm finished floors. This product's non-dulling formula eliminates the time and labor normally required for rinsing.

DIRECTIONS

DISINFECTION

At 2 fluid ounces of this product per 1 gallon of water use level (1:64) and with a 10-minute contact time, this product is an effective disinfectant in 400 ppm hard water against Escherichia coli (O111:H8), Salmonella enterica, Staphylococcus aureus, CA-MRSA, MRSA, and more.

To disinfect food service establishments and food contact surfaces, a pre-cleaning step is required for heavily soiled areas. For use on countertops, exterior surfaces of appliances, tables, and other hard nonporous inanimate

surfaces, add 2 ounces of this product to one gallon of water (660 ppm active). Apply solution with a brush, mop, cloth, sponge, auto scrubber, mechanical spray device, course pump, trigger spray device or by immersion so as to wet all surfaces thoroughly. Rub with brush, cloth or sponge. Allow surface to remain wet for 10 minutes. Wipe up excess liquid. For food contact surfaces, rinse the surface with potable water. Do not use on glasses, dishes, utensils or interior surfaces of appliances.

See product label for specific use instructions and additional performance information.

TECHNICAL DATA

- Color..... Yellow
- Fragrance..... Lemon
- pH..... 6.0 – 8.0
- Recommended Dilution 1:64
- Active Ingredient Quaternary ammonium chloride
- Viscosity..... Water Thin
- Foam..... Moderate
- Flashpoint None (waterbased)
- Storage / Stability..... 1 year
- Weight per Gallon 8.34 lbs. / gal.
- Freeze / Thaw Stability Keep from freezing
- Abrasives..... None
- Hard Water Tolerance 400 ppm
- Biodegradability Complete
