

# Griddle Kleen

Loosens And Lifts Baked-on Food & Grease  
From Griddle Surfaces • Heat Activated

**Distributed by:**  
**Noble Chemical, Inc.**  
2205 Old Philadelphia Pike  
Lancaster, PA 17602  
1-888-256-6400

**GENERAL DESCRIPTION:**

GRIDDLE KLEEN is a heat activated, glycerin-based grill and griddle cleaner for use in commercial and institutional kitchens. This fast acting formula easily loosens and lifts cooked on grease and soil, eliminating the need for scrubbing, scraping, and scouring. GRIDDLE KLEEN is also nonflammable, non-toxic, and safe for use on hot surfaces, so there is no need to shut down the grill prior to use.

**DIRECTIONS:**

Pour the contents of one pack evenly over hot griddle surface (300° - 350°F). Immediately spread GriddleKleen over entire surface and scrub as needed. Then, wipe or squeegee into grease trap. Turn off griddle. Rinse surface and wipe clean with a thick damp cloth. Apply a thin coating of liquid shortening to prevent surface from rusting.

**INGREDIENTS:**

The primary ingredients in GriddleKleen are glycerine, water, d-glucitol, potassium and sodium carbonates, and food coloring.

**CHEMICAL CHARACTERISTICS:**

Appearance .....	Clear, Orange Liquid
Biodegradable.....	Yes
California Compliant .....	Yes
Corrosive Category .....	No
DEA-Free .....	Yes
Fragrance .....	None
Non-Acid .....	Yes
Non-Butyl.....	Yes
Non-Flammable .....	Yes
NPE-Free .....	Yes
pH.....	11.0-11.4
Phosphate-Free .....	Yes
VOC.....	None
