

# Product Datasheet

## Self-contained gravity fed eye wash - 16 US gal 16GFEW

Ideal where a continuous supply of water is not available, this gravity fed 16 US gallon wall-mounted or table top unheated portable emergency eye/face wash station delivers a controlled flow of a minimum 1.5 liters (0.4 US gallons) per minute for 15 minutes, meeting ANSI Z358.1-2014 requirements. The wide fill opening enables quick inspection, cleaning and filling.

- Simple to use with pull-down activation handle
- Suitable for wall mounting or can be used on a bench or tabletop
- Water preservative additive available to eliminate bacteria

## Specifications
