PIZZA OVENS

FIREPLACES & WOODSTOVES

FIREPITS & CAMPSITES

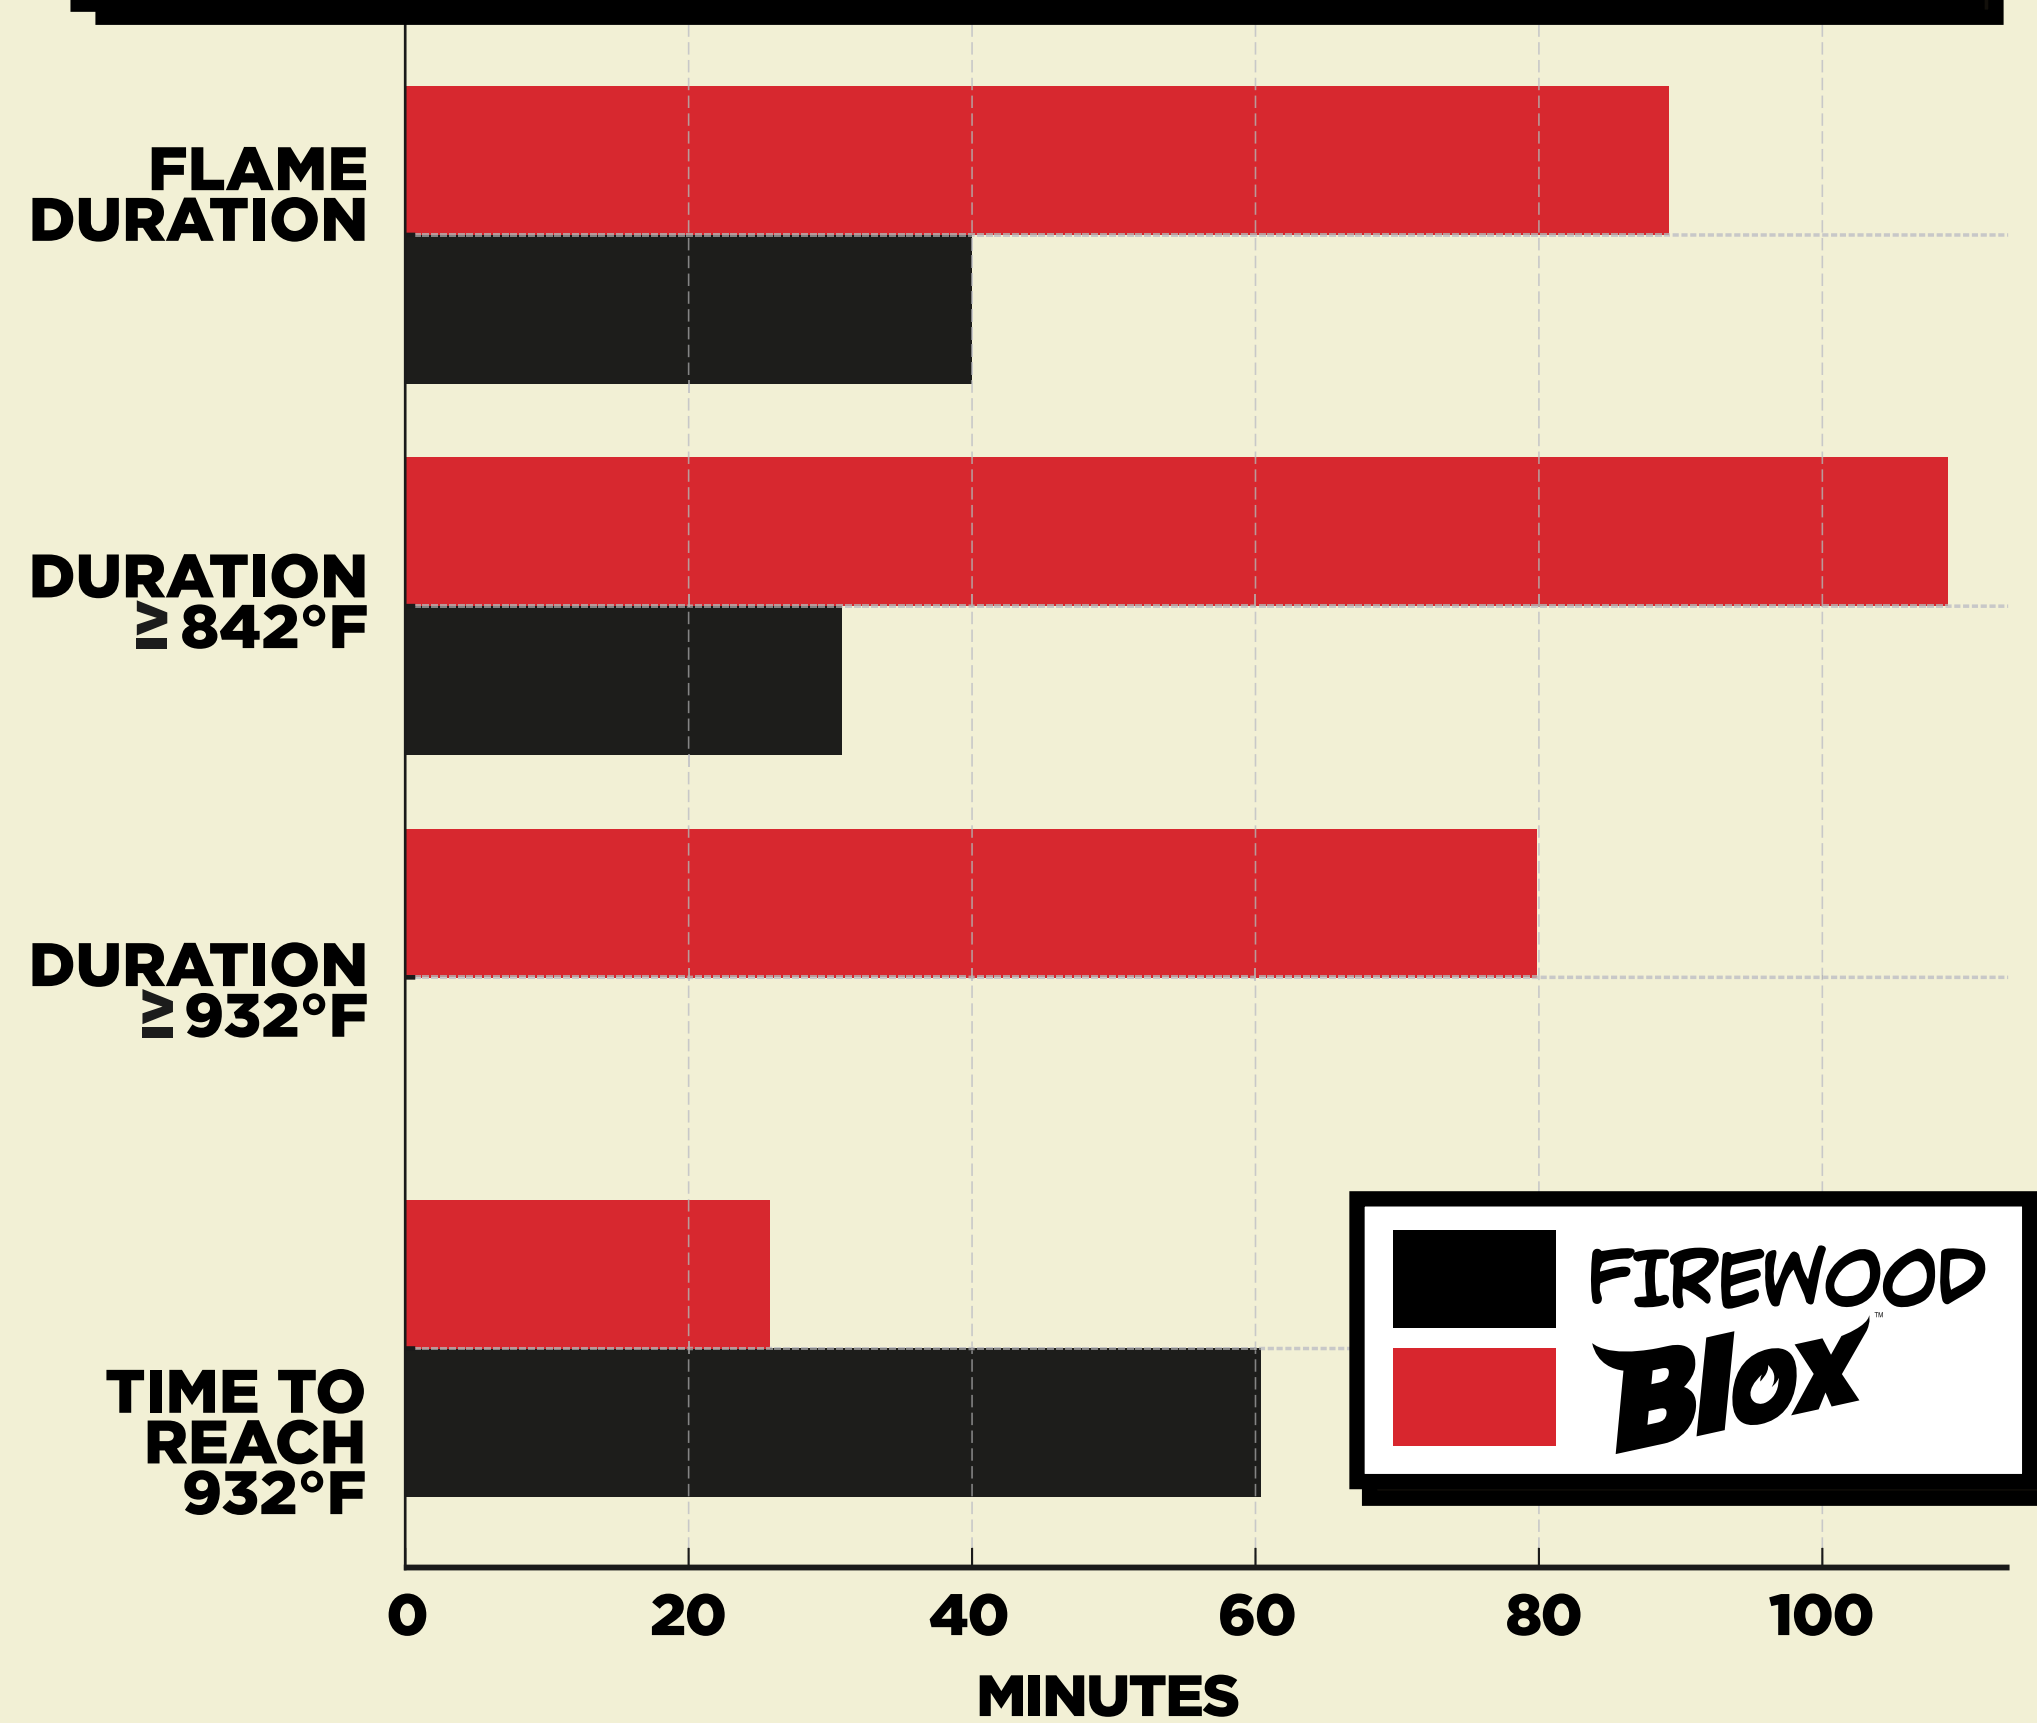

HUMANS DREAM ABOUT BEING SUPERHEROES.  
FIREWOOD DREAMS ABOUT BEING BLOX.

- 1 BOX OF BLOX (28LBS) = 50LBS OF FIREWOOD
- MADE IN THE USA FROM 100% VIRGIN WHITE OAK
- BURNS HOTTER, LONGER, AND CLEANER THAN FIREWOOD
- ZERO CHEMICALS, ADDITIVES OR FILLERS
- HEAT-TREATED TO ELIMINATE BUGS, MOLD AND PESTS
- PATENT-PENDING "FLOWER" DESIGN ELIMINATES ROLLING
- EASY TO STACK AND STORE SAVING UP TO 60% OF STORAGE SPACE
- NO SPLINTERS

# PERFORMANCE COMPARISON: BLOX VS FIREWOOD

\* RESULTS ARE BASED ON 12 LB OF BLOX VERSUS 12 LB OF KILN-DRIED FIREWOOD, STARTING FROM A COLD START IN A COMMERCIAL PIZZA OVEN

**BLOX OUTPERFORMS FIREWOOD ON EVERY METRIC THAT MATTERS. IT HITS 932°F IN ROUGHLY 28 MINUTES (FIREWOOD CAN'T REACH THAT HEAT EVEN AFTER AN HOUR), THEN HOLDS THAT SEARING TEMPERATURE FOR ABOUT 80 MINUTES—FIREWOOD NEVER SUSTAINS IT. EVEN ONCE THE FIRE EASES TO 842°F, BLOX KEEPS COOKING FOR ROUGHLY 110 MINUTES VERSUS FIREWOOD'S 30. BLOX OFFERS FASTER TURN-AROUNDS, STEADIER HEAT, AND FEWER RELOADS.**

**BLOX ISN'T JUST FIREWOOD—IT'S WOOD-FIRED COOKING ON STEROIDS. ITS LOW-MOISTURE, ULTRA-DENSE CONSTRUCTION DELIVERS MORE HEAT, LESS ASH, AND A CONSISTENTLY PERFECT BURN. NO BUGS. NO SPLINTERS. NO ADDITIVES OR FILLERS. JUST 100% KILN-DRIED, HYPER-COMPRESSED VIRGIN WHITE OAK THAT BURNS PURE AS HEAVEN AND HOTTER THAN HELL.**
