Shell Sand
Canvas of Earthy Essence

The Shell Sand and Sand Collections are inspired by the natural beauty of earth's landscapes, bringing warmth and style to the dining table. Shell Sand captures the charm of the golden beach, from soft sandy beige tones to organic textures that call to mind the sunlit shores of Grecian coasts. Earthy tones blend tastefully with bold colours, making it a striking canvas with an understated sophistication that is bound to enhance the presentation of culinary creations.

Both Shell Sand and Sand are put together with Ariane's attention to detail and solid craftsmanship, making them ideal for the rigorous demands of the hospitality industry while maintaining an artistic appeal. These collections celebrate the union of nature and design that transforms every meal into a sensory journey between creativity, elegance, and a deeper connection with our natural surroundings.
