*All specs are based on motor specs.

Includes: a 1 1/2" static-dissipating vacuum hose, a 50' extension cord and two Intercept Micro Filters

DURABLE

ROBUST

RELIABLE

Advantages

With a filter capacity four times the size of standard uprights, the RunningVac provides maximum cleaning ability.

133% faster than an upright and only 30% slower than a backpack, the RunningVac gives you the power and speed needed on wheels.

Tough quality construction allows cloth & foam filters, tools, hoses, wands and twist caps to be cleaned in the dishwasher.

The RunningVac has earned the Gold Seal of Approval/Green Label from the Carpet and Rug Institute (CRI), signifying the vacuum system meets higher standards for carpet cleaning effectiveness and indoor air quality.

Meets the requirements of the U.S. Green Building Council's LEED rating system for Green Cleaning – Sustainable Cleaning Equipment.

Tools and accessories are kept close at hand in the on-board tool dock.

Organically treated Intercept Micro Filters, along with our Four Level Filtration system, are up to 99.9% efficient at capturing dust mites, pollen, bacteria and other particles measuring 1 micron and larger.

Warranty*

3 years on parts, labor and motor**. Lifetime on body.

*see owner's manual for complete warranty details
