

## Energizer Industrial D Batteries, D Cell Energizer Industrial Alkaline Batteries

### ENR EN95.B1 INDUSTRIAL ALK D DISP PK

Power your industrial and professional devices with Energizer Industrial D Alkaline Batteries. Wherever you work, their proven performance keeps your everyday devices on the job: construction sites, facility maintenance, repair services, medical centers, business offices, classrooms, and more. Plus, these industrial D batteries are made to last, not to leak, because your productivity relies on work site devices that, you know, work. Also, they hold their power with up to 10 years of shelf life, which means you can have batteries stocked for a long time. So, when work depends on emergency exit alarms, motion sensors, two-way radios, and all kinds of other everyday gear, you can trust the power and protection of Energizer Industrial D Alkaline Batteries.

#### Features & Benefits

- Energizer Industrial D Alkaline Batteries puts the power you need within reach
- Safely power everyday professional devices with batteries that are made to last, not leak
- Keep everyday work site devices going in the field, the office, the classroom, and anywhere else you need dependable alkaline battery power
- Get powerful performance with D cell batteries that hold power for up to 10 years in storage
- Keep work devices and workdays running smoothly with reliable, long-lasting power for precision electronics at construction sites and office spaces

**WARNING:** Do not install backwards, charge, put in fire or mix with used or other battery types – may explode or leak causing injury.

**Replace all batteries at the same time.**

**AVERTISSEMENT :** N'installez pas la pile à l'envers, ne la chargez pas, ne la jetez pas au feu ou ne la mélangez pas avec des piles usées ou d'autres types de piles – elle risque d'exploser ou de fuir, entraînant des blessures.

**Remplacez toutes les piles en même temps.**

**ADVERTENCIA:** No las instale al revés, las cargue, las arroje al fuego ni las mezcle con pilas usadas o con otros tipos de pilas – pueden explotar o experimentar fugas causando lesiones. **Reemplace todas las pilas a la vez.**
