

# **CMA-180T**

High Temperature Pot & Pan Single Rack Split Door Dishwasher

### **FEATURES:**

- **Energy Star® Approved**
- 60 racks / 240 covers per hour.
- Economical to operate. Uses only 1.24 gallons of water per cycle.
- Split-door design provides a sheet pan door clearance of 27-inches, reduces overall (open-door) height of machine to 93-1/2". A beneficial feature for kitchens with low ceilings.
- Automatic soil purging system filters wash water and traps plate debris into an external tray. Tray can be easily removed for dumping contents.
- All stainless steel construction offers durable performance and years of trouble free operation.
- Built-in chemical resistant industrial 7kW heater is proven to be more durable than commercial style
- Unique spray arm system features upper and lower stainless steel wash arms with reinforced end caps. Specially designed pull-pins allow wash arms to be easily removed for cleaning.
- Top mounted control box is water tight and includes a rack counter, extended wash/delimer switch and easy to read temperature gauges.
- Auto start/stop makes operation safe and easy.
- Field convertible for a wide range of applications.
- Safety Temp feature assures 180°F sanitizing rinse every cycle.
- Single point electrical connection.
- Automatic tank fill.
- Interchangeable upper and lower arms.

CMA

Industrial wash tank and optional booster heaters are designed for years of trouble free service.

**Corner Model** 

CMA

Unique pull-pin design allows wash arms to be easily removed for cleaning.

External scrap tray maintains clean wash water and prevents debris from clogging the drain.

**Straight Model** 

Large 27" door opening accommodates larger items.

### **Available Options:**

- **Exhaust Fan Time Control**
- Built-in 12kW booster heater
- CMA-180 Conversion Kit Corner to Straight PN: 617.29
- CMA-180 Conversion Kit Straight to Corner PN: 617.39
- Alternative electrical available for export
- Dual power supply connections
- Stainless steel dishtables
- 2 minute cycle
- Stainless steel scrap trap

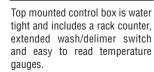

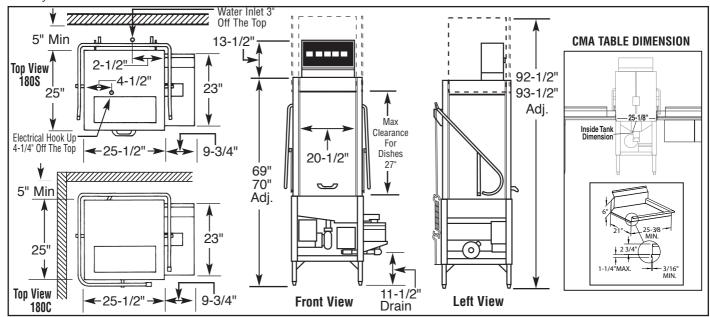

## CMA-180T

High Temperature Pot & Pan Single Rack Split Door Dishwasher

#### **WARNINGS:**

- Plumbing connections must be made by a qualified service company who will comply with all available Federal, State, and Local Health, Plumbing and Safety codes.
- Water hardness above 3 grains per gallon should be treated by a water softener. Failure to provide soft water (3g or less) will void the machine warranty.

## **Specifications:**
