Slim Line Wall Desks #291567

Omnimed large slim line wall desks are constructed of powder coated steel in Beige or light Grey for a durable and easy to clean finish. Designed to provide a compact and efficient work area where space is limited. This unit's front panel smoothly opens and closes using an adjustable gas cylinder mechanism. Equipped with flat key lock security, slim line desks can accommodate charts up to 2 1/2 inches thick. Desks measure 23 3/4 H x 30 W x 3 D and are available as self or manual close units. They are warranted for 5 years with 1 year on the gas spring and lock.
