Composite Bulk PPE Dispensers

The new composite bulk dispensers fuse two materials together to create a superior product to any dispensers currently on the market. The stainless steel shell provides strength and longevity while the PTEG high impact plastic provides aesthetics and visualization. Omnimed's Bulk Dispensers holds a variety of personal protection apparel such as gloves, bouffant caps, shoe covers, & masks. They come in Single, Double, Triple and Quad Options.

- Holds Bulk quantities of disposable PPE Supplies
- Keyholes for Wall Mounting
- Clear Front to show capacity of each compartment
- Removable lid for easy loading
- American Made and Includes 5 Year Warranty
