

ICFF Series

Commercial Display Freezers

Avantco ICFF series flat lid display freezers are the perfect way to merchandise pre-packaged ice cream snacks, popsicles, and more! With three available sizes to choose from, and plenty of convenient features like sliding double glass doors and a wire storage basket, these freezers provide a crystal clear view of your products and ample storage and display space for any application. Their white powder coated steel exterior offers a sleek, attractive presentation, and an embossed aluminum interior provides safe, sanitary storage. Use them to give customers quick and easy access to all of their favorite frozen novelties!

Add ice cream treats, popsicles, and other frozen novelties to your business with this Avantco ICFF14 14.1 cubic foot flat lid display freezer! Thanks to its sliding, vacuum-sealed double glass door, this freezer provides crystal clear visibility of your hottest selling cold treats, while also insulating the chest to maintain consistent internal temperatures. The interior is made from durable embossed aluminum and comes with a basket, and will maintain temperatures between -0.4 and 10 degrees Fahrenheit to merchandise frozen products. A white powder coated steel exterior provides a sleek, attractive appearance.

A set of casters makes it easy to transport this display freezer or move it for maintenance, and it also features a drain plug for easy defrosting. The Avantco ICFF14 is ETL Safety Listed, 115V and comes with a cord and NEMA 5-15P plug.
