

ThermoGlo™

Models RR5-48.5 & RR5-42

Fry Dump Station For Arby's

Item No: _____

AIA FILE NO./ SPEC NO.

CONSULTANT/ CONTRACTOR APPROVAL

Model RR5-48.5LT
(dump left shown)

The Marshall **Models RR5-48.5 and RR5-42** Fry Dump Stations feature our ThermoGlo™ heating technology. Heat radiates from every square inch of the upper flat plate heating surface. This eliminates the need to clean intricate cal-rod, wire and reflector assemblies. There is also auxiliary bottom heat. This dump station includes four organizers and a fry dump pan with a bagged fry holder.

All Marshall products are supported by a nationwide service organization and in-house, full-time Customer Support Department. To place an order call:

1-800-627-8368

Marshall's Fry Dump Station incorporates ThermoGlo™ technology designed to solve demanding warming and holding temperature requirements.

FEATURES

- Flat surface allows for easy wipe-clean maintenance
- Food stays "presentation ready" longer because exact internal temperatures can be reached faster and maintained longer
- Illumination provided by four food-grade incandescent bulbs
- Can be oriented for either dump-left or dump-right
- Includes Marshall's ten-channel timer, which is field convertible for dump-left or dump-right

CONSTRUCTION

- Heavy gauge stainless steel
- Designed and built to custom specifications with heat radiating from the ThermoGlo™ surface
- Designed with a flat unbreakable radiating metal face encased in stainless steel housing

**ETL (US, Canada) & NSF Listed
FOR COMMERCIAL USE ONLY**
