

# The Snack Fryer ParaFryer 5500

**NEW!!!**

\* Always allow this unit to cool before touching metal components & surfaces.

Be the master of frying all kinds of snack foods from delicious fried vegetables, to crispy french fries, to onion blossoms all with the Snack Fryer ParaFryer5500! This unit is light weight and portable, making it ideal for carnivals, fairs, or concession stands. It holds 55 lbs. of oil and can cook a number of foods at once, allowing you to serve a large number of customers efficiently.

The oil drain value allows easy clean-up, and has a slide bit lock to avoid accidental drainage.

## Features:

- Comes with tank, powerhead & lid
- Crafted with 20 Gauge Stainless Steel
- Digital Thermostat Display; which means no more guess work!
- Thermostat dial adjusts oil temperature from 200° - 400° F
- 55 lbs of oil capacity, marked with a minimum and maximum line to help operators work quickly and efficiently and never overfill with oil.
- Uses a 240 Volt Tubular Element and a NEMA Style 6-30p plug, which reduces recovery time between cooking batches.

Requires special electric set-up (240V/30 amps electrical connection).

# Features

## Digital Thermostat Display

The digital display tells you the oil temperature to allow for more accurate frying. No more guess work! Simply read if the oil is hot enough for use and cook as needed.

## 240 Volt NEMA 6-30p Plug

Using the 240 Volt plug allows for high wattage capacity and reduced recovery time between cooking batches.

## Adjustable Temperature Dial

Smooth adjustments from 200°F- 400°F with no harsh racking between temperatures. Set the control to the desired temperature and the Digital Thermostat will change as the oil heats to the optimal level - and you're ready to fry!

## Stainless Steel Construction

Crafted with 20 Gauge Stainless Steel makes our fryer very durable. The oil reservoir has a 55lbs. capacity; marked with a minimum and maximum line to help operators work quickly and efficiently.

## 240 Volt Tubular Element

Internal cooking area is 17" wide x 15.25" deep x 13.5" high and will cook several fried foods at once.
