

# Flav-R-Savor® PORTABLE HOLDING CABINET

Models FSHC-5W1-EE, -7W1-EE, -7W2-EE

Hatco's NEW energy efficient Flav-R-Savor® Portable Holding Cabinet will keep prepared foods at optimum serving temperatures for hours. The electronic thermostatically controlled heat and humidity allows food to be prepared in advance of peak serving periods.

## FLEXIBILITY

Available with one-door or pass-through. These units come standard with 4" (120 mm) diameter casters, seven sets of adjustable rack slides, and a 1 gallon (3.8-liter) capacity water chamber.

## QUALITY

The following features assure the finest performance for years to come:

- Allows you to hold product longer while saving you money through increased energy efficiencies
- Electronic control with digital read out, temperature range of 80° - 200°F (27° - 93°C), and high efficiency humidity control
- Using the lower temperature range of 80°-100°F (27°- 38°C), allows for proofing all types of breads
- All stainless steel interior, and no element contact with water makes the unit easier to clean
- Accommodates Gastronorm pans
- Electrical components, controls, and digital temperature readout are located at the top for easy access
- Comes in standard *Designer Black*, or optional stainless steel
- Stacking kit available
- Doors are easily field convertible from left-hand door hinge to right-hand door hinge
