

CONVENIENT • COMPACT • FUNCTIONAL • EFFICIENT • SMART

**CERTIFIED
ANSI-121**

- Compact and Light
Reduces clutter and tangles
- Tell-Tale Indicator
Indicates if retractor has been stressed
- 5 LB Certified to ANSI-121
- Reduced Size and Weight
Compared to previous design

For power tools and hand tools weighing up to 5LB

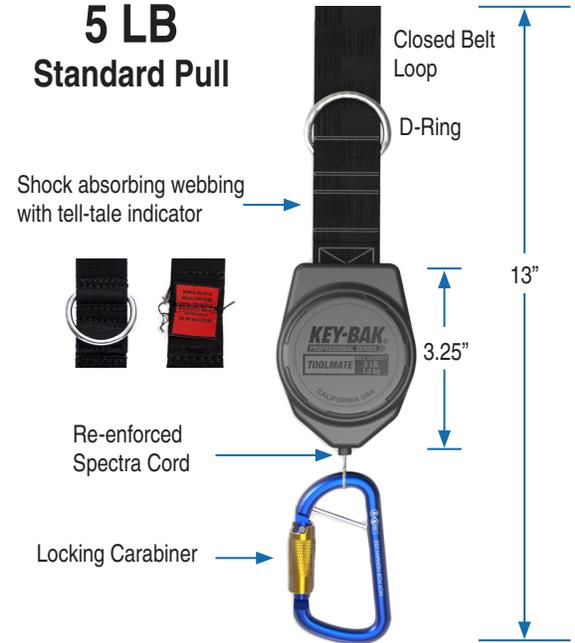

WHY USE RETRACTABLES?

Retractor keeps the tether as short as possible preventing snagging on ladders, scaffolding or equipment. Work SAFE without the nuisance and hazard of long cord loops.

Improved Design

- Spectra cord allows for 5lb rating in a smaller case than previous design

**5 LB
Standard Pull**

Product Weight = 5.5oz
