

DIXIE® RECLOSABLE SLIDING POLYPROPYLENE HOT CUP LID BY GP PRO (GEORGIA-PACIFIC), LARGE, WHITE, 1,000 LIDS PER CASE

Description:

Finally, a hot cup lid that not only helps prevent splashes and spills—it's also easy and intuitive to slide open and closed for a tight seal. The Dixie® Reclosable Sliding Lid was created with guest experience in mind, especially when patrons are on the go or setting drinks in a vehicle cup holder. For many operations, this next-generation lid is a clear improvement on open-style or pull-back tabbed lids—and never requires a drink stopper. (Catalog note: This lid replaces two other reclosable lids in the Dixie® portfolio, TP9542 and TP9542B, and is available at a lower price. Slider Lids are available in white and come 1,000 to a case. They're also made of polypropylene, a potential alternative in communities where polystyrene products are discouraged or restricted (check your local ordinances). More good news: This Slider Lid pairs with most sizes of Dixie® paper hot cups ... PerfecTouch® (10, 12, 16 and 20 oz), ecosmart® 100% Recycled Fiber (12 and 16 oz), and Single-Wall (10, 12 and 16 oz). It's hard to top the experience of enjoying a hot beverage, but the Dixie® Slider Lid does just that—and it's a great reflection on your operation.

Features and Benefits:

- **RECLOSABLE SLIDING LIDS** help protect beverages and help reduce splashes and spills; no drink stopper required
- **EASY TO OPEN AND CLOSE** with one finger, even without looking
- **GREAT FOR ON THE GO** use or in vehicle cup holders
- **MADE OF POLYPROPYLENE**, a potential alternative in communities where polystyrene products are discouraged or restricted (check your local ordinances)
- **COMPATIBLE** with most sizes of Dixie® PerfecTouch®, ecosmart® 100% Recycled Fiber, and Single-Wall Hot Cups
