Description:

Dixie® PerfecTouch® cups, the original, single-use paper cup was created as a more hygienic solution to permanent ware alternatives. Dixie® PerfecTouch® 12 oz coffee cups contain no polystyrene foam and are insulated with air bubbles that give the exterior a soft, textured feel, helping keep hands cool to the touch. This eliminates the need for cardboard cup sleeves or double cupping, which can minimize overall cost and help reduce waste.It is also a dual-purpose paper cup for hot and cold beverages, which helps reduce storage constraints & simplifies ordering. The PerfecTouch® 12 oz hot cups are compatible with Dixie® large lids (D9542, D9542B, TP9542, TP9542B).In addition, these disposable cups are a sustainable option as they meet Sustainable Forestry Initiative (SFI®) certification standards and are also a USDA Certified Biobased product. SFI is a registered trademark owned by Sustainable Forestry Initiative, Inc. www.sfiprogram.org
