SCV3 HIGH SPEED VENTLESS CONVECTION OVEN

The Panasonic SCV3 High Speed Convection Oven is the ideal solution to cook, toast, bake, broil and reheat a wide range of fresh or frozen foods, such as sandwiches, pastries or appetizers, in fact anything needing a crisped, browned finish. Increase customer satisfaction by reducing waiting time. The SCV3 High Speed Convection Oven ensures great results and enhanced profitability.

STACKABLE UNIT

Easily fits onto a small worktop offering maximum flexibility. You can double your capabilities by staking a second oven without using additional space.

EASY MAINTENANCE

Inside the cavity is easy to clean, and the ceramic tray reduces down time whilst simplifying day to day maintenance.

INVERTER TECHNOLOGY

Panasonic exclusive Twin Inverter technology, cooks food evenly with no cold spots, consistently providing optimum cooking results.

VENTLESS

The SCV3 is certified in accordance with EPA202 (KNLZ). The catalytic converter effectively removes grease from the air bringing emissions to less than a quarter of the required level.

MENU FLEXIBILITY

Rapid USB transfer. Feel free to store your recipes on a USB stick and then simply transfer them to the SVC3 via the USB slot. The oven can hold up to 100 recipes. You can even add your own food images to the control panel to be used as menu buttons.

APP CONTROL

Use the intuitive app on your computer or mobile phone to create or edit recipes, to create new categories of recipes or to transfer menus to individual compatible ovens across several restaurants. Control and organise like a boss.

COOKING VARIETY

Offer your customers any number of dishes, snacks or sweets. With the different cooking methods and combination cooking, you can opt to serve up anything from breakfast delights through toasted sandwiches.
