A Passion to Create the World's Best™

Model 838 WaffleCone Express™

Chef'sChoice®-International, WaffleCone Express™ #838:

Enjoy rich ice cream cone flavors right in your own home. This cone maker features an advanced professional baking system that delivers homemade, freshly baked sugar cones in just 2 minutes. It comes equipped with a cone-form to help make rolling uniformly shaped cones easy. The Model 838 has "baking" and "ready" lights, a color-select dial, instant temperature recovery for continuous baking and an easy-clean overflow channel. A unique locking latch guarantees uniform thickness and perfect baking. The built-in cord storage compartment lets you conveniently store this cone maker in a space saving, upright position. Recipes are included. One-year limited warranty.

Try Chef'sChoice® delicious Gourmet Waffle Cone Mix made especially for the Model 838.

Cone History: The ice cream cone has been popular since the 1904 World's Fair in St. Louis when an ice cream vendor, who had run out of dishes, improvised and used a cone-shaped cookie as an edible container. Making ice cream cones brings some of this festivity right into your own kitchen.
