

- Flame Free™ Thermo-Urn™ 1.5-Gallon Vacuum Insulated Urn wit...

1.5-gallon capacity is ideal for smaller service areas and controlled portions. Stainless vacuum insulation preserves temperature and freshness for over 6 hours. NSF-listed polished stainless steel spigot provides smooth and efficient dispensing. Brew plate minimizes mess, keeping serving stations neat and professional. Brushed stainless steel finish maintains a sleek, smudge-r...

MARKETING

With a streamlined design and reliable performance, the Flame Free™ Thermo-Urn™ in Brushed Stainless with Modern Legs and a Flat Lid offers a clean, contemporary solution for professional beverage service. The 1.5-gallon capacity is well-suited for smaller gatherings or intimate settings, while stainless vacuum insulation extends freshness by keeping drinks hot for 6+ hours without electricity or fuel. A polished stainless steel spigot, certified NSF for safety and reliability, allows for smooth dispensing, while the brew plate reduces spills and drips for a tidy station. The flat lid offers a modern, low-profile appearance, perfect for venues that prioritize both style and functionality. Crafted with brushed stainless steel, this urn...
