

- Flame Free™ Thermo-Urn™ 5-Gallon Vacuum Insulated Urn with ...

5-gallon capacity ensures large-scale beverage service with fewer interruptions. Stainless vacuum insulation keeps drinks hot and fresh for over 6 hours. NSF-listed polished stainless steel spigot ensures effortless, mess-free dispensing. Brew plate prevents splashes and drips, keeping beverage stations clean and polished. Polished stainless steel finish offers a durable, finge...

MARKETING

The Flame Free™ Thermo-Urn™ in Polished Stainless with Modern Legs and a Flat Lid is designed for high-volume beverage service while maintaining a sleek, modern aesthetic, making it an excellent choice for banquets, corporate catering, and fine dining venues. The 5-gallon capacity ensures extended beverage availability with fewer refills, while stainless vacuum insulation keeps drinks hot and flavorful for over 6 hours. The NSF-listed polished stainless steel spigot allows for smooth, controlled dispensing, while the brew plate minimizes splashing, ensuring a clean and organized service station. The polished stainless steel finish resists smudges and fingerprints, providing a pristine presentation, while the h...
