Round leg design offers balanced support and a versatile visual style. Vacuum insulation maintains safe dairy temperatures for 8+ hours. 1.5-gallon capacity is ideal for buffets, cafés, and self-serve stations. Brushed stainless construction adds durability and modern appeal. Pairs with Flame Free™ Thermo-Urn™ components for cohesive setups. NSF listed to meet commercial foodse...

MARKETING

Simple, sturdy, and versatile, the Thermo-Urn™ 1.5-Gallon Dairy Dispenser with Round Leg in Brushed Stainless suits a wide range of foodservice environments. Its vacuum-insulated construction keeps dairy products cold for over 8 hours, supporting reliable buffet, coffee bar, and self-serve breakfast operations. The rounded leg base provides balanced stability with an approachable design that fits both casual and upscale layouts. NSF listed and compatible with Flame Free™ Thermo-Urn™ components, it integrates easily into existing service systems.
