Product Notes

Packaging Details

An easy peel piece UPC label is applied to the underside of each tray, each tray is then placed into a poly bag. Poly bags may be either heat sealed or taped closed. Poly bags require two punched holes and multilingual suffocation warnings. Poly foam sheet is placed in between each tray. There are 6 each per inner (5-Ply) and 12 each per master (5-Ply). Two upc labels are applied to adjacent corners of each inner, and master carton.
