Product Notes

Packaging Details

An easy peel piece UPC label is applied to the underside of each platter, then each platter is placed in a poly bag. Poly bags are taped closed and require two punched holes and multilingual suffocation warnings. Platters are packaged 3 Each per inner carton (5 Ply Corrugated) and 6 Each per master carton (5 Ply Corrugated). Poly foam sheets are used to separate the platters within each inner carton. Four UPC labels are applied to two opposite corners of each inner and master carton.
