Product Notes

Item is shiny black on one side and wavy textured black on the other.

Packaging Details

An easy peel piece UPC label is applied to the underside of each tray then each tray is placed into a poly bag. Poly bags with an opening larger than 5"/12.70cm require two punched holes and a trilingual suffocation warning. Polyfoam sheets are placed between trays. There are 3 each per inner(3-Ply) and 6 each per master(5-Ply). UPC labels are applied to adjacent corners of each inner and master carton.
