

Details:

The Rhino Coffee Gear 58.5mm flat tamper is a 'handle-less' tamper making it easier on the wrists. Designed with a two step locking system, it is easily adjustable to allow the user to set and tamp to the desired depth every time.

Adjusting the depth:

Loosen the top section by turning to the left (counter-clockwise).

Use the bottom black adjustment ring to set the desired depth.

Tighten the top section back down until tight by turning to the right (clockwise).

Specifications:

Weight: 343g / 12.1oz

Diameter: 58.5mm / 2.3in

Material: Stainless Steel & Aluminium

UPC: RH-FLATAMP
