

Details:

The 8.5mm Yellow silicone group gaskets (seals) fit most E61 brew group espresso machines. They hold up very well in brew groups and remain soft and leak free longer than rubber. The softer silicone makes engaging the portafilter easier thus less effort and strain on your wrists.

Features:

Food Grade Silicone is odorless and tasteless.

Durable and easier to install and remove than rubber gasket.

E61 Silicone Gasket Fits:

Brasilia

Bezzera

Expo Bar

ECM

Faema

Gaggia / Gaggia Classic

Isomac

IZZO

Orchestrale

Profitec

Rocket

San Remo

Quickmill

Synesso
