

Details:

Caffwerks Silicone Red Silicone Gasket Suits LaMarzocco 6mm 5pk group gaskets (seals) fit La Marzocco, Slayer and Mavam espresso machines. These hold up very well in heated brew groups and remain soft and leak free longer than rubber. The softer silicone makes engaging the portafilter easier thus less effort and strain on your wrists.

Specifications:

Upgrade your espresso group gasket

Food Grade Silicone is odorless and tasteless

Durable, and easier to install and remove than rubber gasket

Caffwerks Silicone Gasket Suits LaMarzocco 6mm 5pk Fits:

La Marzocco

Slayer

Mavam

Specifications:

Dimensions: 72mm OD x 55mm ID x 6.35mm Thick

Portafilter lands at 6 O'clock on newish gear.

Designated a 6mm.

Measures at 6.3mm finished.

Note: This gasket is measured at two points- It is measured where the portafilter basket lands and that is the 6mm portion. The Over all measurement of 8mm is the cone that sits inside the basket as an additional seal. This gasket is now sometimes referred to as a 6/8mm gasket - 6mm with a 2mm bevel
