

Details:

Caffwerks Blue Silicone Group Gasket suits Simonelli 9mm 5pk fits most Simonelli, Victoria Arduino and Cimbali espresso machines. These hold up very well in heated brew groups and remain soft and leak free longer than rubber. The softer silicone makes engaging the portafilter easier thus less effort and strain on your wrists.

Features:

Food Grade Silicone is odourless and tasteless

Durable, and easier to install and remove than rubber gasket

Caffwerks Blue Silicone Group Gasket Fits:

Simonelli

Victoria Arduino

Cimbali
