Wyman's fruit products are prepared from properly ripened, washed and cleaned fruit that is inspected and sorted to assure top product quality. Product is in complete compliance with the Federal Food and Cosmetic Act of 1938 as amended.

Fruit harvested by Wyman's or its suppliers are managed for minimal use of fungicides, herbicides or pesticides. Any such products used by Wyman's or its suppliers have been fully approved by the Food and Drug administration (FDA) and applied strictly according to label instructions by trained and licensed applicators

Wyman's processing facilities are regularly audited by reputable third-party auditing firms and all processing is done in an allergen-free environment under a strict HACCP food safety program. Wyman products are GMO-free.
