

NAPKIN DISPENSER

Drawer Model, Loading & Maintenance

TO OPEN UNIT

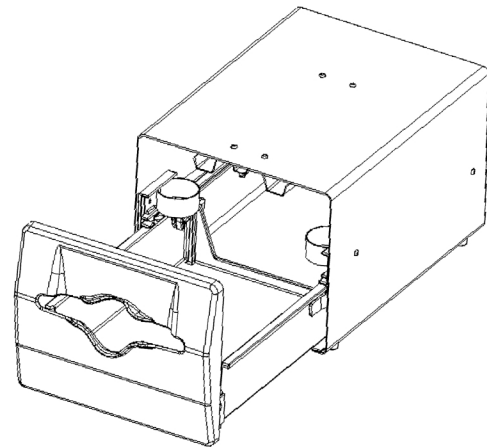

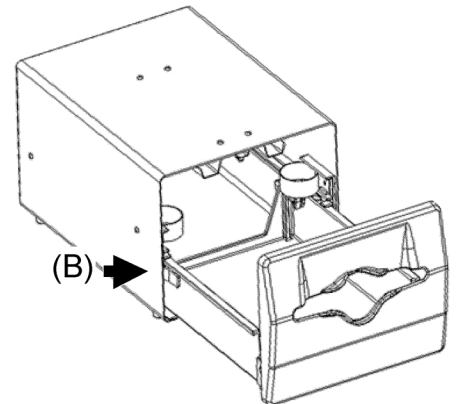

Put finger through front of dispenser. Push tab (A) upward and pull out drawer.

TO REMOVE DRAWER FOR CLEANING

Push on left side of push plate while pulling on the right side. When the right side pops out, remove push plate.

Push tab (B) to the outside and pull out drawer. Interior of dispenser may now be cleaned.

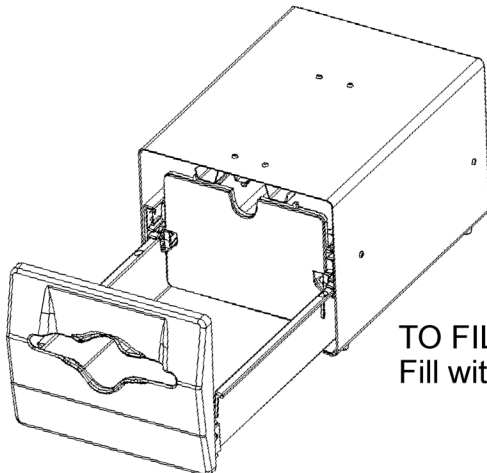

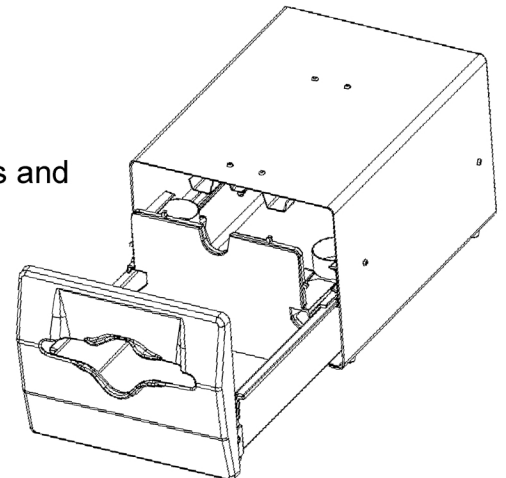

TO REPLACE DRAWER

Insert guide rails of drawer into bottom groove in dispenser and push in.

TO REPLACE PUSH PLATE

Insert guide rails into upper slot of grooves and push in until it snaps into position.

TO FILL DISPENSER

Fill with fresh napkins and push drawer closed.
