

EDM+ Drain Maintainer

Multi-Enzyme Digestant Portion Packets

EDM+ is a multi-purpose enzymatic drain treatment that liquifies solid waste material such as starch, carbohydrates, protein, grease, and fats to keep drains flowing freely. When used regularly as directed, this powerful probiotic formula will naturally maintain your entire drain system. This product is suitable for use in sewage plants, sumps, septic tanks, portable toilets, and grease traps. EDM+ can also be used for sinks, showers, tubs, floor drains, and garbage disposals to ensure drains and pipes are flowing freely.

DIRECTIONS FOR USE

DRAIN MAINTENANCE Once per week pour the contents of one pack down each drain and follow with a cup of lukewarm water. Do not use drain for a minimum of 4 hours. **CLOGGED OR SLOW DRAINS** Add contents of 2 or 3 packs into drain and follow with a cup of lukewarm water. **GREASE TRAPS** Use 1 pack per 10 gallons of capacity. Pour into drain. Flush down with several quarts of warm water.

CAUTION

KEEP OUT OF REACH OF CHILDREN.

FIRST AID

Do not take internally. Contact with eyes may cause irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult physician immediately. If ingested, drink large amounts of milk, milk of magnesia, or gelatin, or if these are not available, drink large amounts of water. **DO NOT** induce vomiting. Obtain prompt medical attention.
