

Accessories

For Your Portable Hot Water Handwashing Sink

IDEAL FOR 2 AND 3 YEAR OLD HANDWASHING compliance, the **Lil' Step Booster** features our patent-pending slip-resistant Hugger Feet, which can accommodate up to 300 lbs.

LIL' STEP BOOSTER

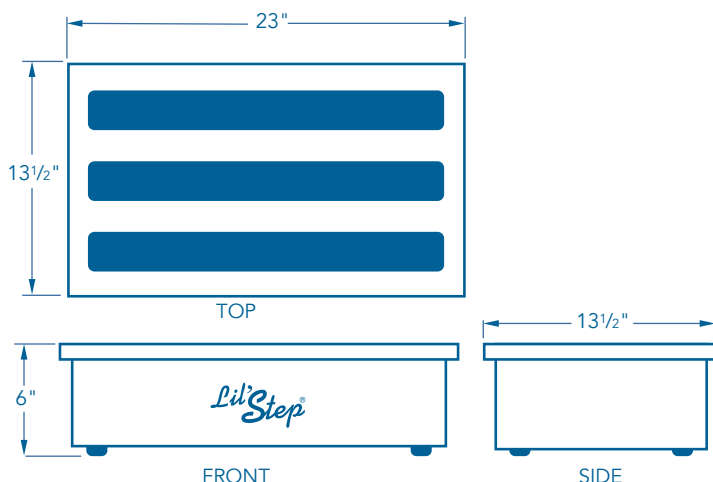

Lil' Step Booster

GIVE EVEN THE SMALLEST OF TODDLERS AND CHILDREN the boost they want to independently wash their hands. The Original Lil' Step is the perfect Lil' Premier Series portable hand sink accessory.

Better than tiptoes, this quality-constructed step gives kids an extra 6 1/4 inches in height, allowing them to reach the hot water and soap to thoroughly wash their hands anytime.

Featuring slip resistant rubber feet and safety strips on top, little ones are sure to be safe atop this step. Holds up to 300 lbs. It will safely provide thousands of little boosts for thousands of little tykes.

Handwashing Compliance

Ozark River is the Standard

NSF® CERTIFICATION

NSF® Certification is a key factor separating Ozark River Portable Sinks® from its competitors. NSF® is the most recognized sanitation standard in many industries. Certification is critical to help ensure Ozark River Portable Sinks® complies with most state and local handwashing codes.

SACERS RATING

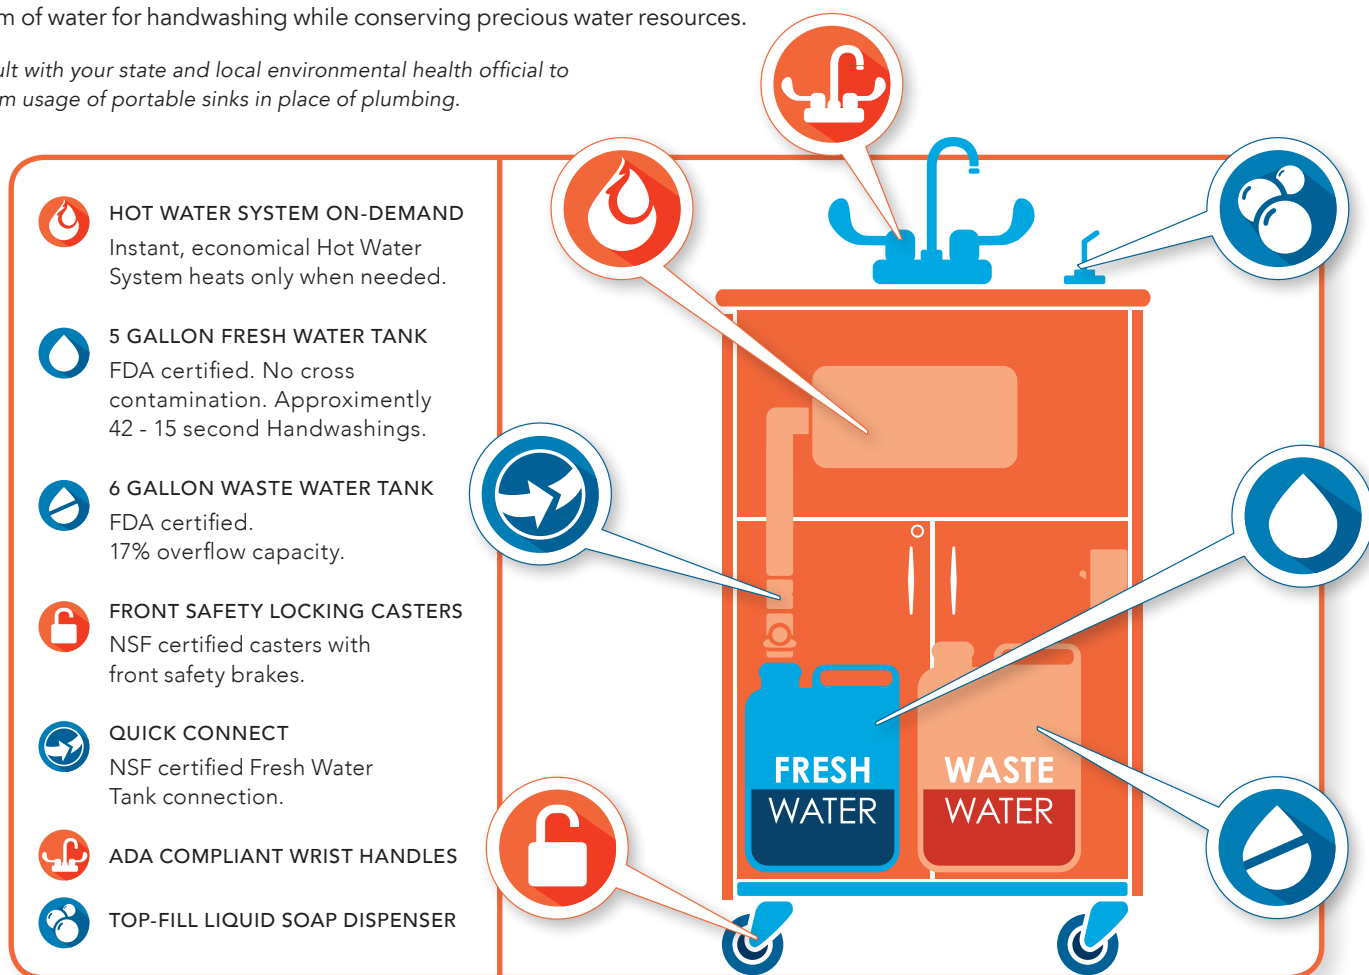

SACERS provides an easy to use resource for defining high-quality care and assessing levels of quality in child care programs. Ozark River Portable Sinks directly affect SACERS, increasing the rating.

SACERS Rating: 12 - 3.4 - 5.1 - 5.2

ENERGY AND WATER SAVINGS

Our reliable, instant hot water system uses a minimal amount of energy to heat the water. No preheating of water is required. Sinks also dispense a sensible 1/2 gallon of water per minute (GPM), providing a perfect, economical stream of water for handwashing while conserving precious water resources.

Consult with your state and local environmental health official to confirm usage of portable sinks in place of plumbing.
