## **Notes & Details**

Keep food at the perfect servable temperature for long periods of time with this Acopa Manchester 6 qt. 2/3 size stainless steel induction / traditional dual purpose chafer with glass top, soft close lid, and stand with fuel holders. This kit includes everything you need to serve signature dishes and keep them hot. The chafer's heavy-duty stainless steel construction ensures it's equipped for consistent commercial use, while its luxurious appearance make it a perfect choice for upscale events. Its sleek design is sure to add prestige to your catering presentation and ensure customers feel pampered and welcome. For ease of use, the induction chafers require no water or water pans to operate. A hydraulic hinge mechanism makes this chafer easy to use by closing the lid slowly and smoothly, and anti-noise plastic nobs on the corners reduce noise that can disrupt the atmosphere of special events. Plus, the lid is quickly detachable for convenient cleaning and boasts an adjustable level support, while its recessed shape allows you to lift the pan easily. There is also one food pan included.

A wide, tempered glass window allows guests to easily see the contents of the chafer without opening it, thus keeping more heat inside and preserving the freshness of the food. It's also more sanitary, as guests won't have to open the lid to see what's inside.

The included chafer stand is constructed of heavy-duty stainless steel that ensures it's durable and perfect for holding heavy dishes like casseroles or pastas. Its built-in fuel holders make setting up a breeze, too. Simply place fuel canisters (sold separately) into the two holders and keep dishes at the perfect warm temperature for guests to enjoy. This stand is sure to upgrade any table or buffet appearance, so it's perfect for weddings, parties, and other catered events where style and presentation matter most.

## Kit Includes:

- 6 qt. 2/3 size stainless steel induction chafer
- Chafer stand
- (2) Fuel holders
- Food pan
