

PUMP & NON-INSULATED BASE COMBO ARBY'S SYRUP RAIL

83173

BID DESCRIPTION

This custom rail combination for Arby's has a non-insulated stainless steel base with a brushed (#4) finish to reduce the visibility of fingerprints. Includes (3) BP style pumps and (1) stainless steel fountain pump. Server Products' BP style pumps combine a stylish and durable stainless steel head assembly with a plastic cylinder. All three BP style pumps are preset to dispense ½ oz per stroke and come engraved with either a "C", "J" or "LTO". The stainless steel fountain pump has a 1 oz stroke and can be reduced in 1/8 oz increments with supplied gauging collars.

Server's BP and stainless steel pumps are NSF listed for Clean-In-Place or can be fully disassembled for cleaning.

STANDARD FEATURES

- Pumps break down completely for cleaning or can be cleaned in place
- NSF listed
